## Welcome to the Rock Camp Community!

Dear Camper Families,

Whether this is your first showcase or your tenth we want to thank you, your camper, and your family and friends for being a part of our community.

It is an honor to work with your amazing kids each summer, to watch them grow, learn, and carry on the legacy that began almost 20 years ago with those first 125 campers.

We hope you will join us, not just at camp next year, but for our many other events throughout the year. It is our goal to build a strong, supportive community around our campers and everyone, from parents/guardians to interns and volunteers , plays an important role.

Thank you for helping us amplify the voices of our amazing youth!

#### **5. Life Size “You Are Toxic”**

V1- You are toxic like a chemical down the drain. You are toxic, toxic with my eyes fluttering away. A stroke of hair a stripe of a zebra. You tell me a thousand times that you just gotta go, that it but all and everything I know is that you’re toxic, toxic, toxic, so I gotta go.

V2- Toxicity everywhere, we are breathing poisonous air. When you’re in the room, tell ‘em what to do. You know you’re toxic, toxic ya. ‘Cause you’re poison not in a good way. Nobody is dying, but they are not smiling all because of you. ‘Cause you are toxic ya.

Chorus

V3- You’re a pitch black room no one will go in. I’m sure the room is filled with toxic waste. If I talk to you, I feel like I am falling. People say you are a mystery but I know exactly who you are. You’re a heart broken in half.

Chorus

V3- People make mistakes, but they fix them sometimes. You stand up (you stand up), we fight back (we fight back). Sometimes people are special and you have to fight for them (fight for them), no one can be the same, we are all different. Everyone is special.
